Privileged Views of Art,
Architecture and Wine

Private La Pedrera: Experience the magical world of Spanish architect Antoni Gaudí

on this exclusive evening tour of one of his most famous modernist buildings, La Pedrera (also known as Casa Milà). During the calm hours after sunset, this intimate, guided private tour will unveil secrets of the building not seen in daytime visits. See how residents lived in this beautiful building 100 years ago; visit several rooms; and enjoy outstanding views of La Sagrada Família and the Barcelona skyline from the roof.

Artful Insight: In this private visit to Museu Nacional d'Art de Catalunya, you will learn about restoration processes and the caretaking of the museum's notable collection of Catalan art and design from the late 19th and 20th centuries, and visit rooms that are inaccessible to the general public.

Backstage and behind the scenes:

Enjoy a privileged visit to the Gran Teatre del Liceo, including entrée to the Circulo del Liceo, a private club not open to the general public, with its amazing collection of Catalan art. Lunch on Catalan cuisine in the private dining room, then, accompanied by an insightful guide, explore backstage areas.

A Taste of Priorat: The wine reputation of Priorat took off like a meteor recently, for the exquisite reds now being produced there. Visit this small, vibrant region in Catalonia, just 100 miles southwest of Barcelona, and sample the house wines of internationally known Clos de l'Obac bodega; a special dinner in the owner's restaurant, Celler de Gratallops, follows.
